

The most UV resistant small square bale twine

Our most popular small square bale twine proven in the field since its introduction in 1990. The carbon black additive provides the best protection against UV degradation.

Packed in traditional multi-walled bags and poly sleeve twin packs.

3000 metres per pack (2 spools)

Also available in poly sleeve Contractors Packs containing 7500 metres.
(6 spools x 1250 metres)
