

Supporting Local Communities in Thailand

Venus Packaging has a long history with Thailand and some of our most popular product lines are produced here. For more than 40 years the close relationships we have shared with our supply partners, and their staff, has helped to motivate us to try to give back.

Udonthani, Thailand

When it was made known to us that the Ban Tadradsomboon School in Udonthani had been conducting classes for its 233 students with only two obsolete PC's we were very happy to contribute in a small way and supply new PC's for the students of the school. Mr Samai Buch-in, Principal of the school said 'We are very grateful for the donation made by Venus Packaging Australia in support of students from the Udonthani province'.

Students & teachers of the Ban Tadradsomboon School

Principal, Mr Samai Buch-in presenting Venus Sales Consultant Wiphawadee Suangsiri with a Certificate of Appreciation for the donation of computers to their school.
