

# Polythene Bags

## PRODUCT DESCRIPTION

Polythene or Poly Bags are the most common and lowest cost transparent plastic bags. These bags are made from industrial grade low density polyethylene (LDPE) and most are produced by the blown film method and bottom sealed. LDPE has a high impact strength, is chemically inert, non-toxic, non-static, printable and easily heat sealed.

Poly bags provide a good barrier to moisture and dust whilst maintaining visibility of the product. Venus supplies a variety of sealing methods including heat sealing, neck taping, neck clipping, and paper and vinyl twist ties.

## APPLICATION INFORMATION

- Popular choice for everyday bagging of bakery goods, fresh produce, clothing, componentry, and many retail and online applications. Specific sizes for ice bags and kindling.
- Comes in a variety of thicknesses to suit your packing needs. Bakery products, for example, would use a lower micron poly bag, and garden supplies a higher micron bag.

## AVAILABLE SIZES

CODE	SIZE (INCHES   MM)	UNITS PER CARTON	MINIMUM ORDER
PB105038	2 1/2 x 3 1/2 x .0015" / 65 x 90 x 38um	1,000	1,000
