

VH210 WATER ACTIVATED TAPE DISPENSER

PRODUCT DESCRIPTION

The Venhart Water Activated Tape Dispenser V210 model features a robust steel design with a generous water bottle capacity of 2.3L and a built-in guillotine for precision cutting.

Simply load the tape dispenser with water-activated tape and choose from 22 pre-set lengths. With a single stroke of the lever, tape is dispensed and activated by the water reservoir. The recyclable water-activated tape is instantly adhesive and ready for application.

PRODUCT FEATURES

- Ideal for carton & satchel sealing
- Pre-set tape lengths from 15-72 cm
- No power required
- For use with water-activated/gummed tapes up to 76mm in width
- Environmental choice for parcel and satchel closure
